--	--

- Take the answers out of your books and give to your grown-ups for safe-keeping.
- Once you have had a go at your tasks, mark your answers. Try to have another go at any you got wrong.
- We will go over the homework in class, including any questions you found more challenging.
- We will then do a brief input on the next week's homework. Please do not race ahead- do the homework in the relevant week
- You can come along to an informal homework club on a Thursday lunchtime in the Year 6 classroom if you want help to do your homework or a quiet place in school to work. If you attend one of the Maths confidence clubs, feel free to bring along your work to this also as Mrs Carlin will be able to offer support.
